

CEAFP 00128/5/2019

Dated: 28-May-2019

To,
Hammad Azhar,
Minister of State for Revenue

Appeal from Overseas Pakistanis

Sir

Being overseas Pakistanis we request you that please make a one window operation for clearance of cars on the new procedure .The cars that are being imported by overseas Pakistanis for themselves are also taking 30-45 days in clearance. These all shipments are in container and we don't have any way out rather than paying heavy demurrages on port. Please it's a request to give us one window operation for clearance and verification as they have given for general cargo *EIF (Electronic information form).

The appraisement at east and west collectorate takes a lot of time for verification and clearance. Some time doing one verification 3 times.

We are already in a lot of financial crisis and the overseas Pakistanis who are importing a vehicle through legal channel are also facing losses now

Please take a kind notice so we have some space to breath

Regards

Awan Arshad Mehmood
Chairman CEAFP
